

DA 2 Guidelines – Slot A1

- 1) Design a **website** based on the choice of application you have given.
- 2) The website should contain **Front end client side scripting language, back end server side scripting language along with database connectivity.**
- 3) You have to submit a **document** that contains **AIM, PROCEDURE, CODE and OUTPUT Screenshots** of your website.
- 4) **IMPORTANT NOTE:** Your website application should not be same as that of the application you have considered for ‘J’ component. If found same, no marks will be given.
- 5) Make use of the google form to give your inputs. Check the response sheet and **make sure your title is unique.**
- 6) **Create and Upload a demo video in the following link. Register yourself and upload the video. Make sure you upload a compressed video of small size.(MP4, mov formats supported)**

<https://flip.com/1be308e1>

The maximum duration of the video is ten minutes.

- 7) Explain all the languages you have used in the demo.
- 8) Marks will be evaluated based on the website design, use of languages and user friendliness.
- 9) **You have to submit document in Moodle and Video in flipgrid.**
- 10) The last date for submission is **06.11.2022.**
- 11) As usual , **no deadline extension** at any cost.
